## PointSync OS/Hardware Compatibility List

Revision Date: 11/14/07

This OS/Hardware Compatibility List is a listing of third party operating systems and hardware that MobileDataforce has certified as compatible with the PointSync Mobility Platform. This list is intended to help customers and partners select hardware that has passed our compatibility tests and is certified to operate with applications written with PointSync Developer.

### Server/Developer Operating Systems

The following is a list of operating systems for most servers, workstations, laptops and tablets. Systems running supported should run PointSync server and development tools correctly.

Manufacturer/Vendor	OS and Version	PS Server	PS Manager	PS Developer
Microsoft	Windows 95, 98, Me	No	No	No
Microsoft	Windows NT (all versions)	No	No	No
Microsoft	Windows 2000 (PointSync may operate on Windows 2000, but is no longer being tested or supported by MobileDataforce)	No	No	No
Microsoft	Windows XP Professional	Yes	Yes	Yes
Microsoft	Windows Server 2003	Yes	Yes	No
Microsoft	Windows Vista (all versions) (turning off User Access Control (UAC) may allow PointSync to install and function on Windows Vista)	No	No	No
Apple	MacOS	No	No	No
Various	Linux	No	No	No

### Mobile Operating Systems

The following is a list of core mobile operating systems available on most mobile computers. Devices running a supported operating system should operate correctly. However, since each manufacturer can modify the core operating system to fit their specific needs, certain devices may experience some incompatibilities. To certify a specific device, the device must participate in our PointSync Certified Hardware program, performed by MobileDataforce Engineering.

Manufacturer/Vendor	OS and Version	Support Level
Microsoft	Windows PocketPC 2003 and earlier*	Not Supported
Microsoft	Windows PocketPC 2003 2 <sup>nd</sup> Edition (SE)*	Supported
Microsoft	Windows Mobile 5.0 for PocketPC*	Supported
Microsoft	Windows Mobile 5.0 for PocketPC Phone*	Supported
Microsoft	Windows Mobile 5.0 for SmartPhone	Not Supported
Microsoft	Windows Mobile 6.0 Standard	Not Supported
Microsoft	Windows Mobile 6.0 Classic	Supported
Microsoft	Windows Mobile 6.0 Professional	Supported
Microsoft	Windows CE 4.0 and earlier	Not Supported
Microsoft	Windows CE 4.1	Supported

Microsoft	Windows CE 4.2	Supported
Microsoft	Windows CE 5.0	Supported
Microsoft	Windows XP/Tablet	Supported
RIM	Blackberry OS	Not Supported
Palm/Palm Source/Access	Palm OS	Not Supported

\* - Includes Professional and Premium Editions

## PointSync Certified Hardware

The following is a list of mobile devices certified by MobileDataforce as part of the PointSync Certified Hardware program. Other mobile devices that run a supported mobile operating system MAY also be compatible with PointSync, but will not appear on this list until certified by MobileDataforce.

**Device Manufacturers** - If you would like participate in our hardware certification process, a sample of each device to be certified should be shipped to our corporate headquarters in Boise, ID. This list will be the main source of hardware recommendations by MobileDataforce and its partners. If you are interested in submitting a device for certification, please contact us via email at [support@mobiledataforce.com](mailto:support@mobiledataforce.com) for further details.

**Comment Codes** - Additional built-in hardware tested as part of the certification: BC - Barcode Scanner, CAM - Digital Camera, GPS - GPS Hardware, PRN - Printer, RFID - RFID Scanner, CRD - Magnetic Card Swiper, BT - Bluetooth Hardware

### Certified Mobile Devices (PDA's and Phones)

Manufacturer/Vendor	Model	OS and Version	Comment Codes
Casio	DT-X10M30U	Windows CE 4.1	
Casio	IT-3000	Windows CE 4.1	PRN
Cingular	8525	Windows Mobile 5.0 for PocketPC Phone	CAM
Compaq	h5450	PocketPC 2003 SE	
Compsee	MAT204	Windows CE 4.2	
DataLogic	Blackjet	Windows CE 5.0	BC
Dell	Axim x51	Windows Mobile 5.0 for PocketPC	
Dell	Axim x50	PocketPC 2003 SE	
Intermec	CN3	Windows Mobile 5.0 for PocketPC	BC
Intermec	700C	PocketPC 2003 SE	BC
Itronix (tablet)	GoBook	Windows XP Tablet	GPS
Olympus	R1000 Rugged	Windows CE 4.2	
Palm	Treo 700w	Windows Mobile 5.0 for PocketPC Phone	
Palm	Treo 750	Windows Mobile 5.0 for PocketPC Phone	
PSION Teklogix	Workabout Pro C	Windows CE 4.2	BC – Laser and imager types
PSION Teklogix	Workabout Pro S	Windows CE 4.2	BC – Laser and imager types
PSION Teklogix	Workabout Pro C	PocketPC 2003 SE	BC – Laser and imager types
PSION Teklogix	Workabout Pro S	PocketPC 2003 SE	BC – Laser and imager types

PSION Teklogix	Workabout Pro C	Windows Mobile 5.0 for PocketPC	BC – Laser and imager types
PSION Teklogix	Workabout Pro S	Windows Mobile 5.0 for PocketPC	BC – Laser and imager types
Socket	SoMo 650	Windows Mobile 5.0 for PocketPC	
Symbol	MC-35	Windows Mobile 5.0 for PocketPC	Barcode scanner not supported. Mobile application changes may be necessary to accommodate using MC35 in a scanning application.
Symbol	MC-70	Windows Mobile 5.0 for PocketPC	BC
Symbol	MC-3000	Windows CE 4.2	BC
Symbol	MK-9000K	Windows CE 4.2	BC
Symbol	MC-9090	Windows Mobile 5.0 for PocketPC	RFID
TDS	Ranger	Windows Mobile 5.0 for PocketPC	
Thales	MobileMapper CE	Windows CE 4.2	GPS
TI (Intelligent Instruments)	LPM-HC6RELAN	Windows CE 4.2	
Trimble	GeoXT	Windows Mobile 5.0 for PocketPC	GPS
UTStarcom	vx6700 (verizon)	Windows Mobile 5.0 for PocketPC Phone	CAM

### Barcode Scanners (external)

Manufacturer/Vendor	Model	Version	Support Level	Comment Codes
Socket	CHS-7E	NA	Certified	BT
Socket	SDSC-3M	NA	Certified	SD Slot
Socket	CFSC-5P	NA	Certified	CF Slot

### RFID Readers

Manufacturer/Vendor	Model	Version	Support Level	Comment Codes
Agrident	AIR200	NA	Certified	For PSION Workabout Pro C/S
IDBlue	RFID	NA	Certified	BT

### GPS Hardware (external)

Generally, PointSync will support any GPS hardware that outputs NMEA compatible sentences.

Manufacturer/Vendor	Model	Version	Support Level	Comment Codes
Holux	GM-210	NA	Certified	

### Printers (external)

Manufacturer/Vendor	Model	OS and Version	Support Level	Comment Codes
HP	Deskjet 450	NA	Certified	BT

HP	Deskjet 460	NA	Certified	BT
Canon	PIXMA iP90/i80/i70	NA	Through 3 <sup>rd</sup> party driver	
Zebra	RW, QL, Cameo & Encore	NA	Through 3 <sup>rd</sup> party driver	
Extech Thermal		NA	Through 3 <sup>rd</sup> party driver	
Peripheron	Nomad	NA	Through 3 <sup>rd</sup> party driver	
O'Neil	MicroFlash Thermal	NA	Through 3 <sup>rd</sup> party driver	
Intermec	PB/PW/68/78 Thermal	NA	Through 3 <sup>rd</sup> party driver	
Panasonic	JT-H200PR Toughprint	NA	Through 3 <sup>rd</sup> party driver	
Pocket Spectrum		NA	Through 3 <sup>rd</sup> party driver	
Brother mPRINT	MW-100, MW- 120, MW-140BT	NA	Through 3 <sup>rd</sup> party driver	
SATO	MB200i	NA	Through 3 <sup>rd</sup> party driver	
TallyGenicom	MTP4P	NA	Through 3 <sup>rd</sup> party driver	
TallyGenicom	MIP360	NA	Through 3 <sup>rd</sup> party driver	
Citizen	CMP-10 PD-22 PD-04/PD-24	NA	Through 3 <sup>rd</sup> party driver	
Pentax	Pocket jets: 3, 3 Plus, II,200	NA	Through 3 <sup>rd</sup> party driver	
Epson	TM-P60	NA	Through 3 <sup>rd</sup> party driver	
Fujitsu	FTP- 628WSL110	NA	Through 3 <sup>rd</sup> party driver	
Seiko	DPU-3445 and MPU-L465	NA	Through 3 <sup>rd</sup> party driver	
GeBE	Flash	NA	Through 3 <sup>rd</sup> party driver	
CUSTOM	s'print	NA	Through 3 <sup>rd</sup> party driver	
IPC	PP-55/50	NA	Through 3 <sup>rd</sup> party driver	
ABLE Systems	Ap1310 Ap1300	NA	Through 3 <sup>rd</sup> party driver	
Canon	BJC-80/85 BJC-50/55	NA	Through 3 <sup>rd</sup> party driver	
Epson	Stylus, ESC/P2	NA	Through 3 <sup>rd</sup> party driver	
Axiom	A631	NA	Through 3 <sup>rd</sup> party driver	
Eltrade	Mobilife	NA	Through 3 <sup>rd</sup> party driver
